reggae_

Reggae is a heavy canvas fabric, woven with mixed dyed yarns. The pronounced warp and weft, made with recycled polyester yarns, give a raw, textured finish to the textile. The selection of muted, earthy colours provide a selection of positive, homely vibes.

it's all in the *details:*

Colors: 13 colours

Width: 280cm

Weight gr/m2: 370

Composition: 100% FR polyester including 50% recycled material

Shrinkage tolerance: -2
