eternity_

Eternity is a sustainable room high semi-transparent curtain fabric with a lively structure of multicolored yarns. Thanks to a unique weave technique the fabric has different appearances on both sides. The front is darker and the back has a lighter mixed pallet which filters the light beautifully. Made with recycled PET, from used plastic bottles, this fabric carries 2 waste plastic bottles per square meter.

it's all in the *details*:

Colours: 10 colours

Width: 300cm

Weight gr/m2: 90

Composition: 100% flame resistant polyester
